

# Pacific Bladeware Newsletter

No:3

In this, our last Newsletter for 2008, you will not find much knife content. After all, it is about Christmas, not business. To this end, we have kept this issue to a minimum.

So it's that time of year again when friends and family join together to celebrate Christmas. It is a time to forget our problems and remember the more important things in life such as family, friendship, peace and goodwill to all.

For us here at **PB** it has been a busy year. Yet, with the support of our family, friends and, of course, you - our clients - we have survived what is normally the most difficult period in the life of any new company. For this, we are eternally grateful to all those aforementioned and to all these people we offer our most heartfelt gratitude and all the very, very best of yuletide wishes.

Although we have been dealing and trading in edgeware for several decades this, as a new business, is Pacific Bladeware's first Christmas. Our first year of trading as **PB** was not without its problems which is only to be expected in a new and growing enterprise. However, with all those little hiccups ironed out and behind us now, we are up and smoothly running full-steam ahead and, furthermore, we are here to stay and can only get better as we progress.

During the coming New Year, among other things, we will be dramatically expanding our range of Boker products right across the board and, even with the increasing and added cost of importing edgeware from Europe, we will strive to keep our prices at a reasonable level that everyone can afford.

In future, **Pacific Bladeware** Newsletters will, from time to time, include various articles on knives, knife history and collecting. Also, if anyone has an interesting story or information regarding bladeware that they think people would like to know, then please email us and we can then include your submission in one of our upcoming Newsletters.

## **CHRISTMAS SPECIAL**

To help celebrate the Christmas season we are offering a **30% discount** on all **CONDOR** products. This special discount will continue until the end of **January 2009**. This is a top quality product and a fantastic bargain. Stocks are limited, so don't miss out.

We would like to take this opportunity to thank all our customers for their support during the past 12 months and hope that we can continue to serve you in the future with first class service and the finest quality knives that Sheffield, England and Solingen, Germany can produce.

In the true spirit of Christmas we would like to wish everyone,  
customers and visitors to our website alike,  
a very Merry Christmas and may the New Year be kind to you all.

Merry Christmas & a Happy New Year
